Our Company

Nxt-ID, Inc. was incorporated in the State of Delaware on February 8, 2012. The Company is a security technology company and operates its business in one segment – hardware and software security systems and applications. The Company is engaged in the development of proprietary products and solutions that serve multiple end markets, including the security, healthcare, financial technology and the Internet of Things (“IoT”) markets. The Company evaluates the performance of its business on, among other things, profit and loss from operations. With extensive experience in access control, biometric and behavior-metric identity verification, security and privacy, encryption and data protection, payments, miniaturization, and sensor technologies, the Company develops and markets solutions for payment, IoT and healthcare applications.

On June 25, 2012, the Company acquired 100% of the membership interests in 3D-ID LLC (“3D-ID”), a limited liability company formed in Florida in February 2011 and owned by the Company’s founders. By acquiring 3D-ID, the Company gained the rights to a portfolio of patented technology in the field of three-dimensional facial recognition and imaging including 3D facial recognition products for access control, law enforcement and travel and immigration. 3D-ID was an early stage company engaged in the design, research and development, integration, analysis, modeling, system networking, sales and support of intelligent surveillance, three-dimensional facial recognition and three-dimensional imaging devices and systems primarily for identification and access control in the security industries. Since the Company’s acquisition of 3D-ID was a transaction between entities under common control in accordance with Accounting Standards Codification (“ASC”) 805, “Business Combinations”, Nxt-ID recognized the net assets of 3D-ID at their carrying amounts in the accounts of Nxt-ID on the date that 3D-ID was organized, February 14, 2011.

On July 25, 2016, the Company completed the acquisition of LogicMark, LLC (“LogicMark”) pursuant to an Interest Purchase Agreement by and among the Company, LogicMark and the holders of all of the membership interests of LogicMark (the “LogicMark Sellers”), dated May 17, 2016 (the “Interest Purchase Agreement”). Pursuant to the Interest Purchase Agreement, we acquired all of the membership interests of LogicMark from the LogicMark Sellers for (i) \$17.5 million in cash consideration, (ii) \$2.5 million in a secured promissory note (the “LogicMark Note”) issued to LogicMark Investment Partners, LLC, as representative of the LogicMark Sellers (the “LogicMark Representative”), (iii) 78,740 shares of our common stock, which were issued upon signing of the Interest Purchase Agreement (the “LogicMark Shares”), and (iv) warrants (the “LogicMark Warrants”) to purchase an aggregate of 157,480 shares of common stock (the “LogicMark Warrant Shares”) for no additional consideration. Such warrants were exercised on July 27, 2016. In addition, the Company was required to pay the LogicMark Sellers earn-out payments of (i) up to \$1,500,000 for calendar year 2016 and (ii) up to \$5,000,000 for calendar year 2017 if LogicMark met certain gross profit targets set forth in the Interest Purchase Agreement.

On May 23, 2017, the Company completed a merger (the “Merger”) pursuant to an executed Agreement and Plan of Merger (the “Merger Agreement”) by and among the Company, Fit Merger Sub, Inc., a wholly-owned subsidiary of the Company (the “Merger Sub”), Fit Pay, Inc. (“Fit Pay”), Michael Orlando (“Orlando”), Giesecke & Devrient Mobile Security America, Inc. (“G&D”), the other stockholders of Fit Pay (the “Other Holders”) and Michael Orlando in his capacity as stockholder representative representing the Other Holders (the “Stockholder Representative,” and together with Orlando and G&D, the “Fit Pay Sellers”). In connection with the Merger, Fit Pay merged with and into the Merger Sub, with the Merger Sub continuing as the surviving entity and a wholly owned subsidiary of the Company.

Pursuant to the terms of the Merger Agreement, the aggregate purchase price paid for Fit Pay was: (i) 19.96% of the outstanding shares of common stock; (ii) 2,000 shares of Series C Non-Convertible Preferred Stock of the Company; (iii) the payment of certain debts by the Company; and (iv) the payment of certain unpaid expenses by the Company. In addition, the Company will be required to pay the Fit Pay Sellers an earnout payment equal to 12.5% of the gross revenue derived from Fit Pay’s technology for sixteen (16) fiscal quarters commencing on October 1, 2017 and ending on December 31, 2021.

In connection with the Fit Pay transaction, Orlando became our Chief Operating Officer and President of our new Fit Pay subsidiary effective as of May 23, 2017.

The Company's wholly-owned subsidiary, LogicMark, manufactures and distributes non-monitored and monitored personal emergency response systems ("PERS") sold through the United States Department of Veterans Affairs, healthcare durable medical equipment dealers and distributors and monitored security dealers and distributors. The Company's wholly-owned subsidiary, Fit Pay, has a proprietary technology platform that delivers payment, credential management, authentication and other secure services to the IoT ecosystem. The platform uses tokenization, a payment security technology that replaces cardholders' account information with a unique digital identifier, to transact highly secure contactless payment and authentication services.

On September 21, 2018, the Company announced that its board of directors approved a plan to separate the Company's financial technology business from its healthcare business into an independent publicly traded company. The Company will distribute shares of the newly created company to the Company's stockholders through the execution of a spin-off. As a result, the Company reclassified its financial technology business to discontinued operations for all periods reported in its Quarterly Report on Form 10-Q for the nine and three months ended September 30, 2018. The Company's financial technology business is comprised of its Fit Pay subsidiary and the intellectual property developed by the Company, including the Fly Smartcard and the Wocket.

Healthcare

With respect to the healthcare market, our business initiatives are driven by LogicMark, which serves a market that enables two-way communication, medical device connectivity and patient data tracking of key vitals through sensors, biometrics, and security to make home health care a reality. There are three major trends driving this market: (1) an increased desire for connectivity; specifically, a greater desire for connected devices by people over 60 years of age who now represent the fastest growing demographic for social media; (2) the growth of "TeleHealth", which is the means by which telecommunications technologies are meeting the increased need for health systems to better distribute doctor care across a wider range of health facilities, making it easier to treat and diagnose patients; and (3) rising healthcare costs – as health spending continues to outpace the economy, representing between 6% and 7% of the overall economy, the need to reduce hospital readmissions, increase staffing efficiency and improve patient engagement remain the highest priorities. Together, these trends have produced a large and growing market for us to serve. LogicMark has built a successful business on emergency communications in healthcare. We have a strong business relationship with the VA today, serving veterans who suffer from chronic conditions that often require emergency assistance. This business is steady and growing, producing the highest annual revenue in its operational history in 2017. Our strategic plan calls for expanding LogicMark's business into other healthcare verticals as well as retail and enterprise channels in order to better serve the expanding demand for connected and remote healthcare solutions.

Home healthcare, which includes health monitoring and management using IoT and cloud-based processing, is an emerging area for LogicMark. The long-term trend toward more home-based healthcare is a massive shift that is being driven by demographics (an aging population) and basic economics. People also value autonomy and privacy which are important factors in determining which solutions will suit the market. Consumers are beginning to enjoy the benefits of smart home technologies and online digital assistants. One of the promising applications of our VoiceMatch™ technology is enabling secure commands for restricted medical access. This solution, when coupled with Nxt-ID BioCloud™, combines biometrics with encryption and distributed access control.

PERS devices are used to call for help and medical care during an emergency. These devices are also used by a wide patient pool, as well as the general population, to ensure safety and security when living or traveling alone. The global medical alert systems market caters to different end-users across the healthcare industry, including individual users, hospitals and clinics, assisted living facilities and senior living facilities. The growing demand for home healthcare devices is mainly driven by an aging population and rising healthcare costs worldwide. We believe that this will spur the usage of medical alert systems across the globe, as they offer safety and medical security while being affordable and accessible.

Payments and Financial Technology

With respect to the payments and financial technology market, our business initiatives are driven by Fit Pay, which was acquired by Nxt-ID in May 2017. Fit Pay's core technology is a proprietary platform that enables contactless payment capabilities, allowing manufacturers of "smart devices" to add payment capabilities to their products with very little start-up time and minimal investment in software development, while granting them access to the leading card network and global credit card issuing banks. It is one of the first successful commercializations of a token requestor service provider integrated with the major payment card networks – Discover, Mastercard and Visa. The existing propriety capabilities of the contactless payment companies are not available to other original equipment manufacturers ("OEMs"). The Fit Pay Token Requestor Manager (TRM) Platform creates an opportunity for a whole new range of devices to be payment-enabled.

Fit Pay has expanded its relationship with Garmin International, Inc. ("Garmin") for which it provides technology, platform and tokenization services to power Garmin Pay™, a contactless payment feature included on smartwatches manufactured by Garmin. The payment feature, which went live in the fall of 2017, is now included in ten (10) of Garmin's smartwatches.

In addition to expanding the number of devices on which Garmin Pay™ is available from 1 to 10, Fit Pay has made significant progress in expanding the geographic and issuer footprint for Garmin Pay™. As of September 30, 2018, Garmin Pay™ is supported by an issuer network of 229 issuing banks in 27 countries with additions being made regularly. This represents a significant increase from fiscal year-end 2017, at which time the network included 60 issuing banks in 8 countries. As a part of this growth, Fit Pay announced agreements with Chase, Westpac and Discover. This expansion of the Garmin Pay™ network increases the overall revenue opportunity for this flagship customer.

Our payment and financial technology business has also expanded to include new products and services. This includes growing the capabilities of the TRM Platform to integrate it with additional payment networks and issuing banks. Fit Pay has also developed proprietary payment devices that it will offer through business-to-business and direct-to-consumer channels. These new products will leverage the TRM Platform and allow us to access new customers and emerging markets, such as cryptocurrency.

Fit Pay's initial product offering is a platform extension and contactless payment device called Flip™, which enables Bitcoin holders to make contactless payment transactions at millions of retail locations with value exchanged from their cryptocurrency. The development of the product and platform to support Flip™ has been completed and Fit Pay is currently seeking the final network and bank approvals to begin the initial shipments of the product. While commercialization of the product has taken longer than anticipated, the Company believes the product continues to represent an opportunity to bring to market a unique offering in an emerging market segment.

In addition to these expansions of Fit Pay's offerings, the Company was also announced as a technology partner for Visa's Token Service for credential-on-file ("COF") token requestors. Through this program, Fit Pay will be able to tokenize credential-on-file digital payments on behalf of merchant and payment ecosystem clients, greatly expanding the addressable market for the Company's platform services. Leveraging the EMVCo Payment Tokenization Standard, the tokenization COF record offers another layer of security for consumers and merchants. It replaces sensitive cardholder information, such as personal account numbers and expiration dates, with a unique digital identifier (a "token") that can be used for payment without exposing a cardholder's more sensitive account information.

In addition to enhancing security, expired or compromised payment credentials can be seamlessly updated in the background by the financial institution, eliminating a significant point of friction for consumers and merchants. These additional services will be buoyed by the overall of growth in digital payments, which is estimated by eMarketer to grow to \$5.4 trillion in total transaction value by 2022.

Together, these opportunities position our emerging payment and financial technology business for future growth as Fit Pay begins to monetize its core TRM technology platform and expand its products and services to new markets and customers.

Our payments business operates within a rapidly expanding market. According to the research firm, Juniper Research (“Juniper”), in-store contactless payments will reach \$2 trillion by 2020, representing 1 in 3 total point of sale transactions. Contactless payments will exceed the \$1 trillion mark for the first time in 2018, a year earlier than previously anticipated by Juniper. This growth is driven by an acceleration in consumer usage of contactless payment services as well as merchant acceptance.

In addition, according to the latest research report from Counterpoint’s *Global Smartwatch Tracker*, global smartwatch shipments grew 37% year-over-year in the second quarter of 2018. Garmin shipments grew 35% year-over-year and it holds 3% market share. Importantly, the report noted that 50% of the market operates on a proprietary platform (*i.e.*, not Apple or Android) for which Fit Pay’s white label, operating system agnostic solution is well-suited.

As an early and established entrant into the payments market, we believe that we are well-positioned to take advantage of both the growth of payment-enabled devices and the consumer demand for new forms of payments.

Except as otherwise provided in the applicable prospectus supplement, we intend to use the net proceeds from the sale of the securities offered by this prospectus for general corporate purposes, which may include, among other things, working capital, capital expenditures, product development, marketing activities, acquisitions of new technologies and investments, repayment of debt and repurchases and redemptions of securities.

The intended application of proceeds from the sale of any particular offering of securities using this prospectus will be described in the accompanying prospectus supplement relating to such offering. The precise amount and timing of the application of these proceeds will depend on our funding requirements and the availability and costs of other funds. Accordingly, we will retain broad discretion over the use of such proceeds. Pending use of the net proceeds, we intend to invest the net proceeds in short-term, investment-grade, interest-bearing instruments.

THE SECURITIES WE MAY OFFER

The descriptions of the securities contained in this prospectus, together with the applicable prospectus supplements, summarize all the material terms and provisions of the various types of securities that we may offer. We will describe in the applicable prospectus supplement relating to any securities the particular terms of the securities offered by that prospectus supplement. If we indicate in the applicable prospectus supplement, the terms of the securities may differ from the terms we have summarized below. We will also include in the prospectus supplement information, where applicable, about material United States federal income tax considerations relating to the securities, and the securities exchange, if any, on which the securities will be listed.

We may sell from time to time, in one or more offerings:

- Shares of our common stock;
- Shares of our preferred stock;
- Debt securities;
- Warrants to purchase shares of our common stock, preferred stock, or debt securities;
- Rights to purchase shares of our common stock, preferred stock, or other securities; and/or
- Units consisting of any of the securities listed above.

The terms of any securities we offer will be determined at the time of sale. We may issue securities that are exchangeable or exercisable for common stock or any of the other securities that may be sold under this prospectus. When particular securities are offered, a supplement to this prospectus will be filed with the SEC, which will describe the terms of the offering and sale of such securities.

DESCRIPTION OF CAPITAL STOCK

General

The following description of our capital stock, together with the additional information we include in any applicable prospectus supplement, summarizes the material terms and provisions of the capital stock that we may offer under this prospectus, but is not complete. For the complete terms of our capital stock, please refer to our certificate of incorporation, as amended from time to time, any certificate of designation for our preferred stock, and our bylaws, as amended from time to time. The Delaware General Corporation Law (the “DGCL”) may also affect the terms of our capital stock.

Authorized Capital Stock

The Company is authorized to issue 110,000,000 shares of its capital stock consisting of (a) 100,000,000 shares of common stock and (b) 10,000,000 shares of “blank check” preferred stock, of which 3,125,000 shares of preferred stock were designated as the Series A Convertible Preferred Stock (“Series A Preferred Stock”), 4,500,000 shares of preferred stock were designated as the Series B Convertible Preferred Stock (“Series B Preferred Stock”), and 2,000 shares of preferred stock were designated as the Series C Non-Convertible Preferred Stock (“Series C Preferred Stock”). As of November 29, 2018, 25,066,306 shares of our common stock were issued and outstanding, 2,000 shares of our Series C Preferred Stock were issued and outstanding and no shares of our Series A Preferred Stock or Series B Preferred Stock were issued and outstanding.

Common Stock

Each share of common stock entitles the holder to one vote, either in person or by proxy, at meetings of stockholders. Our stockholders are not permitted to vote their shares cumulatively. Accordingly, the holders of our common stock who hold, in the aggregate, more than 50% of the total voting rights can elect all of our directors and, in such event, the holders of the remaining minority shares will not be able to elect any of such directors. The vote of the holders of a majority of the issued and outstanding shares of common stock entitled to vote thereon is sufficient to authorize, affirm, ratify or consent to such act or action, except as otherwise provided by law.

Holders of common stock are entitled to receive ratably such dividends, if any, as may be declared by our board of directors out of funds legally available. We have not paid any dividends since our inception, and we presently anticipate that all earnings, if any, will be retained for development of our business. Any future disposition of dividends will be at the discretion of our board of directors and will depend upon, among other things, our future earnings, operating and financial condition, capital requirements, and other factors.

Holders of our common stock have no preemptive rights or other subscription rights, conversion rights, redemption or sinking fund provisions. Upon our liquidation, dissolution or winding up, the holders of our common stock will be entitled to share ratably in the net assets legally available for distribution to stockholders after the payment of all of our debts and other liabilities.

Preferred Stock

General

We are authorized to issue up to 10,000,000 shares of “blank check” preferred stock, par value \$0.0001 per share, none of which is presently issued or outstanding. Our board of directors is authorized to issue such shares of preferred stock with designations, rights and preferences as it may determine from time to time. Accordingly, our board of directors is empowered, without stockholder approval, to issue shares of preferred stock with dividend, liquidation, conversion, or other rights that could adversely affect the rights of the holders of our common stock. Once designated by our board of directors, each series of preferred stock will have specific financial and other terms that will be described in a prospectus supplement. We will also file with the SEC a certificate of designation designating the rights and preferences of the preferred stock prior to any issuance of preferred stock, and you should read such certificate of designation for provisions that may be important to you.

Series C Preferred Stock

The following is a summary of the material terms of the Series C Preferred Stock. This summary is not complete. The following summary of the terms and provisions of the Series C Preferred Stock is qualified in its entirety by reference to the Certificate of Designations setting forth the terms of the Series C Preferred Stock (as amended, the "Certificate of Designations") and our Certificate of Incorporation.

Ranking

The Series C Preferred Stock ranks senior to our common stock and junior to our Series A Preferred Stock and our Series B Preferred Stock with respect to dividend rights and/or rights upon distributions, liquidation, dissolution or winding up of the Company.

Dividends on Series C Preferred Stock

Holders of Series C Preferred Stock shall be entitled to receive from and after the first date of issuance of the Series C Preferred Stock cumulative dividends at a rate of 5% per annum on a compounded basis, which dividend amount shall be guaranteed. In the event that the Company's market capitalization is \$50,000,000 for greater than thirty (30) consecutive days, then the dividend rate shall increase to fifteen percent (15%) per annum. Accrued and unpaid dividends shall be payable in cash.

Redemption of Series C Preferred Stock

The Series C Preferred Stock may be redeemed by the Company in cash at any time, in whole or in part, upon payment of the stated value of the Series C Preferred Stock, and all related accrued but unpaid dividends.

Fundamental Change

If a "fundamental change" occurs at any time while the Series C Preferred Stock is outstanding, the holders of shares of Series C Preferred Stock then outstanding shall be immediately paid, out of the assets of the Company or the proceeds of such fundamental change, as applicable, and legally available for distribution to its stockholders, an amount in cash equal to the stated value of the Series C Preferred Stock, and all related accrued but unpaid dividends.

If the legally available assets of the Company and the proceeds of such "fundamental change" are insufficient to pay the all of the holders of the Series C Preferred Stock, then the holders of the Series C Preferred Stock shall share ratably in any such distribution in proportion to the amount that they would have been entitled to. A fundamental change includes but is not limited to any change in the ownership of at least 50% of the voting stock, liquidation or dissolution, or the common stock ceases to be listed on the market upon which it currently trades.

Voting Rights

The holders of the Series C Preferred Stock shall be entitled to vote on any matter submitted to the stockholders of the Company for a vote. One (1) share of Series C Preferred Stock shall carry the same voting rights as one (1) share of common stock.

Dividends

Since inception we have not paid any dividends on our common stock. We currently do not anticipate paying any cash dividends in the foreseeable future on our common stock. Although we intend to retain our earnings, if any, to finance the exploration and growth of our business, our board of directors will have the discretion to declare and pay dividends in the future. Payment of dividends in the future will depend upon our earnings, capital requirements, and other factors, which our board of directors may deem relevant.

Warrants

As of November 29, 2018, the Company had 5,090,352 warrants outstanding with a weighted average exercise price and remaining life in years of \$5.42 and 3.40, respectively. At November 29, 2018, the warrants had no aggregate intrinsic value. The exercise price of the warrants is subject to adjustment upon certain events, such as stock splits, combinations, dividends, distributions, reclassifications, mergers or other corporate change and dilutive issuances.

Options and Other Stock Awards

On January 4, 2013, the Company's stockholders authorized the Company's 2013 Long-Term Stock Incentive Plan (the "Plan"). The maximum aggregate number of shares of common stock that may be issued under the Plan, including stock options, stock awards and stock appreciation rights, is limited to 10% of the shares of common stock outstanding on the first trading day of any fiscal year, less shares or awards previously issued under the Plan, or 1,771,929 for fiscal year 2018. Currently, we have not issued any stock options under the Plan. As of November 29, 2018, we have issued 1,079,255 shares of common stock under the Plan.

On August 24, 2017, a majority of the Company's stockholders approved at the 2017 Annual Stockholders' Meeting the 2017 Stock Incentive Plan ("2017 SIP"). The aggregate maximum number of shares of common stock (including shares of common stock underlying options) that may be issued under the 2017 SIP pursuant to awards of restricted shares of common stock or options are limited to 10% of the outstanding shares of common stock, which calculation shall be made on the first (1st) business day of each new fiscal year; provided that for fiscal year 2017, only 1,500,000 shares of common stock could be delivered to participants under the 2017 SIP. Thereafter, the 10% evergreen provision shall govern the 2017 SIP. The number of shares of common stock that are the subject of awards under the 2017 SIP which are forfeited or terminated, are settled in cash in lieu of shares of common stock or are settled in a manner such that all or some of such shares covered by an award are not issued to a participant or are exchanged for awards that do not involve shares of common stock will again immediately become available to be issued pursuant to awards granted under the 2017 SIP. If shares of common stock are withheld from payment of an award to satisfy tax obligations with respect to the award, those shares of common stock will be treated as shares that have been issued under the 2017 SIP and will not again be available for issuance under the 2017 SIP.

Registration Rights

None.

Anti-Takeover Effects of Provisions of the DGCL and our Certificate of Incorporation and Bylaws

Provisions of the DGCL and our Certificate of Incorporation and by-laws could make it more difficult to acquire us by means of a tender offer, a proxy contest or otherwise, or to remove incumbent officers and directors. These provisions, summarized below, are expected to discourage certain types of coercive takeover practices and takeover bids that our board of directors may consider inadequate and to encourage persons seeking to acquire control of us to first negotiate with our board of directors. We believe that the benefits of increased protection of our ability to negotiate with the proponent of an unfriendly or unsolicited proposal to acquire or restructure us outweigh the disadvantages of discouraging takeover or acquisition proposals because, among other things, negotiation of these proposals could result in improved terms for our stockholders.

Section 203 of the DGCL. We are subject to Section 203 of the DGCL, which prohibits a Delaware corporation from engaging in any "business combination" with any interested stockholder for a period of three (3) years after the date that such stockholder became an interested stockholder, with the following exceptions:

- before such date, the board of directors of the corporation approved either the business combination or the transaction that resulted in the stockholder becoming an interested stockholder;
- upon closing of the transaction that resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction began, excluding for purposes of determining the voting stock outstanding (but not the outstanding voting stock owned by the interested stockholder) those shares owned (i) by persons who are directors and also officers and (ii) employee stock plans in which employee participants do not have the right to determine confidentially whether shares held subject to the plan will be tendered in a tender or exchange offer; or

[Table of Contents](#)

- on or after such date, the business combination is approved by the board of directors and authorized at an annual or special meeting of the stockholders, and not by written consent, by the affirmative vote of at least 66 2/3% of the outstanding voting stock that is not owned by the interested stockholder.

In general, Section 203 defines business combination to include the following:

- any merger or consolidation involving the corporation and the interested stockholder;
- any sale, transfer, pledge or other disposition of 10% or more of the assets of the corporation involving the interested stockholder;
- subject to certain exceptions, any transaction that results in the issuance or transfer by the corporation of any stock of the corporation to the interested stockholder;
- any transaction involving the corporation that has the effect of increasing the proportionate share of the stock of any class or series of the corporation beneficially owned by the interested stockholder; or
- the receipt by the interested stockholder of the benefit of any loans, advances, guarantees, pledges or other financial benefits provided by or through the corporation.

In general, Section 203 defines an “interested stockholder” as an entity or person who, together with the person’s affiliates and associates, beneficially owns, or within three (3) years prior to the time of determination of interested stockholder status did own, 15% or more of the outstanding voting stock of the corporation.

Amendments to Our Certificate of Incorporation. Under the DGCL, the affirmative vote of a majority of the outstanding shares entitled to vote thereon and a majority of the outstanding stock of each class entitled to vote thereon is required to amend a corporation’s certificate of incorporation. Under the DGCL, the holders of the outstanding shares of a class of our capital stock shall be entitled to vote as a class upon a proposed amendment, whether or not entitled to vote thereon by the certificate of incorporation, if the amendment would:

- increase or decrease the aggregate number of authorized shares of such class;
- increase or decrease the par value of the shares of such class; or
- alter or change the powers, preferences or special rights of the shares of such class so as to affect them adversely.

If any proposed amendment would alter or change the powers, preferences or special rights of one or more series of any class of our capital stock so as to affect them adversely, but shall not so affect the entire class, then only the shares of the series so affected by the amendment shall be considered a separate class for the purposes of this provision.

Vacancies in the Board of Directors. Our by-laws provide that, subject to limitations, any vacancy occurring in our board of directors for any reason may be filled by a majority of the remaining members of our board of directors then in office, even if such majority is less than a quorum. Each director so elected shall hold office until the expiration of the term of the other directors. Each such directors shall hold office until his or her successor is elected and qualified, or until the earlier of his or her death, resignation or removal.

Special Meetings of Stockholders. Under our by-laws, special meetings of stockholders may be called at any time by our President whenever so directed in writing by a majority of the entire board of directors. Special meetings can also be called whenever one-third of the number of shares of our capital stock entitled to vote at such meeting shall, in writing, request one. Under the DGCL, written notice of any special meeting must be given not less than ten (10) nor more than sixty (60) days before the date of the special meeting to each stockholder entitled to vote at such meeting.

No Cumulative Voting. The DGCL provides that stockholders are denied the right to cumulate votes in the election of directors unless our Certificate of Incorporation provides otherwise. Our Certificate of Incorporation does not provide for cumulative voting.

Limitation on Directors' Liability; Indemnification

Delaware law authorizes Delaware corporations to limit or eliminate the personal liability of their directors to them and their stockholders for monetary damages for breach of a director's fiduciary duty of care. The duty of care requires that, when acting on behalf of the corporation, directors must exercise an informed business judgment based on all material information reasonably available to them. Absent the limitations Delaware law authorizes, directors of Delaware corporations are accountable to those corporations and their stockholders for monetary damages for conduct constituting gross negligence in the exercise of their duty of care. Delaware law enables Delaware corporations to limit available relief to equitable remedies such as injunction or rescission. Our Certificate of Incorporation limits the liability of our directors to us and our stockholders to the fullest extent Delaware law permits. Specifically, no director will be personally liable for monetary damages for any breach of the director's fiduciary duty as a director, except for liability:

- For any breach of the director's duty of loyalty to us or our stockholders;
- For acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law;
- For unlawful payments of dividends or unlawful stock repurchases or redemptions as provided in Section 174 of the DGCL; and
- For any transaction from which the director derived an improper personal benefit.

This provision could have the effect of reducing the likelihood of derivative litigation against our directors and may discourage or deter our stockholders or management from bringing a lawsuit against our directors for breach of their duty of care, even though such an action, if successful, might otherwise have benefited us and our stockholders. Our by-laws provide indemnification to our officers and directors and other specified persons with respect to their conduct in various capacities. See "Indemnification of Officers and Directors" in this registration statement.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers or person controlling the Company pursuant to the foregoing provisions, the Company has been informed that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

Listing

Our common stock and warrants are listed on the NASDAQ Capital Market under the symbols "NXTD" and "NXTDW," respectively.

The transfer agent and registrar for our common stock is VStock Transfer, LLC. The transfer agent's address is 18 Lafayette Place, Woodmere, NY 11598 and its telephone number is (212) 828-8436.

DESCRIPTION OF DEBT SECURITIES

We may offer debt securities which may be senior, subordinated or junior subordinated and may be convertible. We may offer general debt obligations, which may be secured or unsecured, senior or subordinated and convertible into shares of our common stock. In this prospectus, we refer to the senior debt securities and the subordinated debt securities together as the “debt securities.” We may issue debt securities under a note purchase agreement or under an indenture to be entered between us and a trustee. We will file the form of debt security and form of note purchase agreement for debt securities or form of indenture for debt securities with the SEC. The indentures do not limit the amount of securities that may be issued under it and provides that debt securities may be issued in one or more series. The senior debt securities will have the same rank as all of our other indebtedness that is not subordinated. The subordinated debt securities will be subordinated to our senior debt on terms set forth in the applicable prospectus supplement. In addition, the subordinated debt securities will be effectively subordinated to creditors and preferred stockholders of our subsidiaries. Our board of directors will determine the terms of each series of debt securities being offered. This prospectus contains only general terms and provisions of the debt securities. The applicable prospectus supplement will describe the particular terms of the debt securities offered thereby. You should read any prospectus supplement and any free writing prospectus that we may authorize to be provided to you related to the series of debt securities being offered, as well as the complete note agreements and/or indentures that contain the terms of the debt securities.

If we decide to issue debt securities pursuant to an indenture to be entered into between us and a trustee, we will issue the debt securities offered by this prospectus and any accompanying prospectus supplement under an indenture to be entered into between us and the trustee identified in the applicable prospectus supplement. The terms of the debt securities will include those stated in the indenture and those made part of the indenture by reference to the Trust Indenture Act of 1939, as in effect on the date of the indenture. The indenture will be subject to and governed by the terms of the Trust Indenture Act of 1939. If we offer debt securities under this prospectus, we will file the form of indenture with the SEC.

The following description briefly sets forth certain general terms and provisions of the debt securities that we may offer. The particular terms of the debt securities offered by any prospectus supplement and the extent, if any, to which these general provisions may apply to the debt securities, will be described in the related prospectus supplement. Accordingly, for a description of the terms of a particular issue of debt securities, reference must be made to both the related prospectus supplement and to the following description. Where any provision in an accompanying prospectus supplement is inconsistent with any provision in this summary, the prospectus supplement will control.

For each series of debt securities we offer, a prospectus supplement accompanying this prospectus will describe the following terms and conditions of the series of debt securities that we are offering, to the extent applicable:

General

One or more series of debt securities may be sold as "original issue discount" securities. These debt securities would be sold at a substantial discount below their stated principal amount, bearing no interest or interest at a rate which at the time of issuance is below market rates. One or more series of debt securities may be variable rate debt securities that may be exchanged for fixed rate debt securities.

United States federal income tax consequences and special considerations, if any, applicable to any such series will be described in the applicable prospectus supplement.

[Table of Contents](#)

Debt securities may be issued where the amount of principal and/or interest payable is determined by reference to one or more currency exchange rates, commodity prices, equity indices or other factors. Holders of such debt securities may receive a principal amount or a payment of interest that is greater than or less than the amount of principal or interest otherwise payable on such dates, depending upon the value of the applicable currencies, commodities, equity indices or other factors. Information as to the methods for determining the amount of principal or interest, if any, payable on any date, the currencies, commodities, equity indices or other factors to which the amount payable on such date is linked and certain additional United States federal income tax considerations will be set forth in the applicable prospectus supplement.

The term “debt securities” includes debt securities denominated in U.S. dollars or, if specified in the applicable prospectus supplement, in any other freely transferable currency or units based on or relating to foreign currencies.

Subject to the limitations provided in any indenture and in a prospectus supplement, debt securities that are issued in registered form may be transferred or exchanged at the principal corporate trust office of the trustee, without the payment of any service charge, other than any tax or other governmental charge payable in connection therewith.

Governing Law

All debt securities, including debt securities issued pursuant to an indenture, shall be construed in accordance with and governed by the laws of the state of New York. To the extent we issue securities pursuant to an indenture, such indenture will be governed by the laws of the state of New York.

DESCRIPTION OF WARRANTS

The following description, together with the additional information we may include in any applicable prospectus supplements, summarizes the material terms and provisions of the warrants that we may offer under this prospectus and the related warrant agreements and warrant certificates. While the terms summarized below will apply generally to any warrants that we may offer, we will describe the particular terms of any series of warrants in more detail in the applicable prospectus supplement. If we indicate in the prospectus supplement, the terms of any warrants offered under that prospectus supplement may differ from the terms described below. If there are differences between that prospectus supplement and this prospectus, the prospectus supplement will control. Thus, the statements we make in this section may not apply to a particular series of warrants. Specific warrant agreements will contain additional important terms and provisions and will be incorporated by reference as an exhibit to the registration statement which includes this prospectus.

General

We may issue warrants for the purchase of common stock, preferred stock, and/or debt securities in one or more series. We may issue warrants independently or together with common stock, preferred stock, and/or debt securities, and the warrants may be attached to or separate from these securities.

We will issue warrants under one or more warrant agreements between us and a warrant agent that we will name in the prospectus supplement. We will file the form of warrant agreement and form of warrant certificate with the SEC, and you should read the form of warrant agreement and form of warrant certificate for provisions that may be important to you.

We will describe in the applicable prospectus supplement the terms of the series of warrants, including:

- The offering price and aggregate number of warrants offered;
- The currency for which the warrants may be purchased;
- If applicable, the designation and terms of the securities with which the warrants are issued and the number of warrants issued with each such security or each principal amount of such security;
- If applicable, the date on and after which the warrants and the related securities will be separately transferable;
- In the case of warrants to purchase common stock or preferred stock, the number of shares of common stock or preferred stock, as the case may be, purchasable upon the exercise of one warrant and the price at which these shares may be purchased upon such exercise;
- The warrant agreement under which the warrants will be issued;
- The effect of any merger, consolidation, sale or other disposition of our business on the warrant agreement and the warrants;
- Anti-dilution provisions of the warrants, if any;
- The terms of any rights to redeem or call the warrants;
- Any provisions for changes to or adjustments in the exercise price or number of securities issuable upon exercise of the warrants;
- The dates on which the right to exercise the warrants will commence and expire or, if the warrants are not continuously exercisable during that period, the specific date or dates on which the warrants will be exercisable;
- The manner in which the warrant agreement and warrants may be modified;
- The identities of the warrant agent and any calculation or other agent for the warrants;
- Federal income tax consequences of holding or exercising the warrants;
- The terms of the securities issuable upon exercise of the warrants;
- Any securities exchange or quotation system on which the warrants or any securities deliverable upon exercise of the warrants may be listed; and
- Any other specific terms, preferences, rights or limitations of or restrictions on the warrants.

Exercise of Warrants

Each warrant will entitle the holder to purchase the securities that we specify in the applicable prospectus supplement at the exercise price that we describe in the applicable prospectus supplement. Unless we otherwise specify in the applicable prospectus supplement, holders of the warrants may exercise the warrants at any time up to 5:00 p.m. eastern time on the expiration date that we set forth in the applicable prospectus supplement. After the close of business on the expiration date, unexercised warrants will become void.

Holders of the warrants may exercise the warrants by delivering the warrant certificate representing the warrants to be exercised together with specified information, and paying the required amount to the warrant agent in immediately available funds, as provided in the applicable prospectus supplement. We will set forth on the reverse side of the warrant certificate, and in the applicable prospectus supplement, the information that the holder of the warrant will be required to deliver to the warrant agent.

Until the warrant is properly exercised, no holder of any warrant will be entitled to any rights of a holder of the securities purchasable upon exercise of the warrant.

Upon receipt of the required payment and the warrant certificate properly completed and duly executed at the corporate trust office of the warrant agent or any other office indicated in the applicable prospectus supplement, we will issue and deliver the securities purchasable upon such exercise. If fewer than all of the warrants represented by the warrant certificate are exercised, then we will issue a new warrant certificate for the remaining amount of warrants.

Modifications

We may amend the warrant agreements and the warrant certificates without the consent of the holders of the warrants to cure any ambiguity, to cure, correct or supplement any defective or inconsistent provision, or in any other manner that will not adversely affect the interests of the holders of the warrants. We may also modify or amend certain other terms of the warrant agreements and the warrant certificates with the written consent of the holders of not less than a majority of the then outstanding warrants.

Enforceability of Rights by Holders of Warrants

Any warrant agent will act solely as our agent under the applicable warrant agreement and will not assume any obligation or relationship of agency or trust with any holder of any warrant. A single bank or trust company may act as warrant agent for more than one issue of warrants. A warrant agent will have no duty or responsibility in case of any default by us under the applicable warrant agreement or warrant certificate, including any duty or responsibility to initiate any proceedings at law or otherwise, or to make any demand upon us. Any holder of a warrant may, without the consent of the related warrant agent or the holder of any other warrant, enforce by appropriate legal action its right to exercise, and receive the securities purchasable upon exercise of, its warrants in accordance with their terms.

DESCRIPTION OF RIGHTS

We may issue rights to purchase shares of our common stock, preferred stock, debt securities, or other securities. These rights may be issued independently or together with any other security offered hereby and may or may not be transferable by the holder receiving the rights in such offering. The applicable prospectus supplement may add, update or change the terms and conditions of the rights as described in this prospectus.

The applicable prospectus supplement will describe the specific terms of any offering of rights for which this prospectus is being delivered, including the following:

- The price, if any, per right;
- The exercise price payable for common stock, preferred stock, or other securities upon the exercise of the rights;
- The number of rights issued or to be issued to each holder;
- The number and terms of common stock, preferred stock, or other securities which may be purchased per right;
- The extent to which the rights are transferable;
- Any other terms of the rights, including the terms, procedures and limitations relating to the exchange and exercise of the rights;
- The date on which the holder's ability to exercise the rights shall commence, and the date on which the rights shall expire;
- The extent to which the rights may include an over-subscription privilege with respect to unsubscribed securities; and
- If applicable, the material terms of any standby underwriting or purchase arrangement entered into by us in connection with the offering of such rights.

Holders may exercise rights as described in the applicable prospectus supplement. Upon receipt of payment and the rights certificate properly completed and duly executed at the corporate trust office of the rights agent or any other office indicated in the prospectus supplement, we will, as soon as practicable, forward the applicable securities purchased upon exercise of the rights. If less than all of the rights issued in any rights offering are exercised, we may offer any unsubscribed securities directly to persons other than stockholders, to or through agents, underwriters or dealers or through a combination of such methods, including pursuant to standby arrangements with one or more underwriters or other purchasers, pursuant to which the underwriters or other purchasers may be required to purchase any securities remaining unsubscribed for after such offering, as described in the applicable prospectus supplement.

The description in the applicable prospectus supplement of any rights that we may offer will not necessarily be complete and will be qualified in its entirety by reference to the applicable rights certificate, which will be filed with the SEC.

DESCRIPTION OF UNITS

We may issue units comprised of one or more of the other securities described in this prospectus in any combination. Each unit will be issued so that the holder of the unit is also the holder of each security included in the unit. Thus, the holder of a unit will have the rights and obligations of a holder of each included security. The unit agreement under which a unit is issued may provide that the securities included in the unit may not be held or transferred separately, at any time or at any time before a specified date.

We may evidence units by unit certificates that we issue under a separate unit agreement. We may issue the units under a unit agreement between us and one or more unit agents. If we elect to enter into a unit agreement with a unit agent, the unit agent will act solely as our agent in connection with the units and will not assume any obligation or relationship of agency or trust for or with any registered holders of units or beneficial owners of units. We will indicate the name and address and other information regarding the unit agent in the applicable prospectus supplement relating to a particular series of units if we elect to use a unit agent.

We will describe in the applicable prospectus supplement the terms of the series of units being offered, including:

- The designation and terms of the units and of the securities comprising the units, including whether and under what circumstances those securities may be held or transferred separately;
- Any unit agreement under which the units will be issued and any provisions of the unit agreement that differ from those described herein;
- Any provisions for the issuance, payment, settlement, transfer or exchange of the units or of the securities comprising the units; and
- Whether the units will be issued in fully registered or global form.

The other provisions regarding our common stock, preferred stock, debt securities, warrants and rights as described in this prospectus will apply to each unit to the extent such unit consists of shares of our common stock, preferred stock, debt securities, warrants and/or rights.

GLOBAL SECURITIES

We may issue some or all of our securities of any series as global securities. We will register each global security in the name of a depositary identified in the applicable prospectus supplement. The global securities will be deposited with a depositary or nominee or custodian for the depositary and will bear a legend regarding restrictions on exchanges and registration of transfer as discussed below and any other matters to be provided pursuant to the indenture.

As long as the depositary or its nominee is the registered holder of a global security, that person will be considered the sole owner and holder of the global security and the securities represented by it for all purposes under the securities and the indenture. Except in limited circumstances, owners of a beneficial interest in a global security:

- Will not be entitled to have the global security or any securities represented by it registered in their names;
- Will not receive or be entitled to receive physical delivery of certificated securities in exchange for the global security; and
- Will not be considered to be the owners or holders of the global security or any securities represented by it for any purposes under the securities or the indenture.

We will make all payments of principal and any premium and interest on a global security to the depositary or its nominee as the holder of the global security. The laws of some jurisdictions require that certain purchasers of securities take physical delivery of securities in definitive form. These laws may impair the ability to transfer beneficial interests in a global security.

Ownership of beneficial interests in a global security will be limited to institutions having accounts with the depositary or its nominee, called “participants” for purposes of this discussion, and to persons that hold beneficial interests through participants. When a global security is issued, the depositary will credit on its book-entry, registration and transfer system the principal amounts of securities represented by the global security to the accounts of its participants. Ownership of beneficial interests in a global security will be shown only on, and the transfer of those ownership interests will be effected only through, records maintained by:

- The depositary, with respect to participants’ interests; or
- Any participant, with respect to interests of persons held by the participants on their behalf.

Payments by participants to owners of beneficial interests held through the participants will be the responsibility of the participants. The depositary may from time to time adopt various policies and procedures governing payments, transfers, exchanges and other matters relating to beneficial interests in a global security. None of the following will have any responsibility or liability for any aspect of the depositary’s or any participant’s records relating to, or for payments made on account of, beneficial interests in a global security, or for maintaining, supervising or reviewing any records relating to those beneficial interests:

- Us or our affiliates;
- The trustee under any indenture; or
- Any agent of any of the above.

PLAN OF DISTRIBUTION

We may sell the securities being offered pursuant to this prospectus from time to time in one or more transactions, including, without limitation:

- Through underwriters or dealers;
- Through agents;
- Directly to purchasers;
- In a rights offering;
- In “at the market” offerings within the meaning of Rule 415(a)(4) of the Securities Act to or through a market maker or into an existing trading market on an exchange or otherwise;
- Through a combination of any of these methods; or
- Through any other method permitted by applicable law and described in a prospectus supplement.

The applicable prospectus supplement will describe the terms of the offering of the securities, including:

- The name or names of any underwriters, if any, and if required, any dealers or agents;
- The purchase price of the securities and the proceeds we will receive from the sale;
- Any underwriting discounts and other items constituting underwriters’ compensation;
- Any commissions paid to agents;
- Any discounts or concessions allowed or reallocated or paid to dealers;
- Any delayed delivery arrangements;
- Any additional risk factors applicable to the securities that we propose to sell; and
- Any securities exchange or market on which the securities may be listed.

We may sell the securities from time to time in one or more transactions at:

- A fixed price or prices, which may be changed;
- Market prices prevailing at the time of sale;
- Prices related to such prevailing market prices; or
- Negotiated prices.

Sale through Underwriters or Dealers

If underwriters are used in the sale, the underwriters may resell the securities from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. Underwriters may offer securities to the public either through underwriting syndicates represented by one or more managing underwriters or directly by one or more firms acting as underwriters. Unless we inform you otherwise in the applicable prospectus supplement, the obligations of the underwriters to purchase the securities will be subject to certain conditions, and the underwriters will be obligated to purchase all of the offered securities if they purchase any of them. The underwriters may change from time to time any initial public offering price and any discounts or concessions allowed or reallocated or paid to dealers.

[Table of Contents](#)

We will describe the name or names of any underwriters, dealers or agents and the purchase price of the securities in a prospectus supplement relating to the securities.

In connection with the sale of the securities, underwriters may receive compensation from us or from purchasers of the securities, for whom they may act as agents, in the form of discounts, concessions or commissions. Underwriters may sell the securities to or through dealers, and these dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or commissions from the purchasers for whom they may act as agents, which is not expected to exceed that customary in the types of transactions involved. Underwriters, dealers and agents that participate in the distribution of the securities may be deemed to be underwriters, and any discounts or commissions they receive from us and any profit on the resale of the securities they realize may be deemed to be underwriting discounts and commissions under the Securities Act. The prospectus supplement will identify any underwriter or agent and will describe any compensation they receive from us.

Underwriters could make sales in privately negotiated transactions and/or any other method permitted by law, including sales deemed to be an “at-the-market” offering, sales made directly on the NASDAQ Capital Market, or such other exchange or automated quotation system on which our securities trade, or sales made to or through a market maker other than on an exchange. The name of any such underwriter or agent involved in the offer and sale of our securities, the amounts underwritten, and the nature of its obligations to take our securities will be described in the applicable prospectus supplement.

Unless otherwise specified in the prospectus supplement, each series of the securities will be a new issue with no established trading market, other than our common stock, which is currently listed on the NASDAQ Capital Market. We may elect to list any of the securities on an exchange, but are not obligated to do so. It is possible that one or more underwriters may make a market in a series of the securities, but underwriters will not be obligated to do so and may discontinue any market making at any time without notice. Therefore, we can give no assurance about the liquidity of or the trading market for any of the securities.

In compliance with the guidelines of the Financial Industry Regulatory Authority, Inc., or FINRA, the maximum aggregate discounts, commissions, agency fees or other items constituting underwriting compensation to be received by any FINRA member or independent broker-dealer will not exceed 8% of the aggregate offering price of the securities offered pursuant to this prospectus and any applicable prospectus supplement.

To facilitate the offering of securities, certain persons participating in the offering may engage in transactions that stabilize, maintain or otherwise affect the price of the securities. This may include over-allotments or short sales of the securities, which involve the sale by persons participating in the offering of more securities than we sold to them. In these circumstances, these persons would cover such over-allotments or short positions by making purchases in the open market or by exercising their over-allotment option, if any. In addition, these persons may stabilize or maintain the price of the securities by bidding for or purchasing securities in the open market or by imposing penalty bids, whereby selling concessions allowed to dealers participating in the offering may be reclaimed if securities sold by them are repurchased in connection with stabilization transactions. The effect of these transactions may be to stabilize or maintain the market price of the securities at a level above that which might otherwise prevail in the open market. These transactions may be discontinued at any time.

From time to time, we or our affiliates may engage in transactions with these underwriters, dealers and agents in the ordinary course of business. Underwriters have from time to time in the past provided, and may from time to time in the future provide, investment banking services to us for which they have in the past received, and may in the future receive, customary fees.

Direct Sales and Sales through Agents

We may sell the securities directly. In this case, no underwriters or agents would be involved. We may also sell the securities through agents designated by us from time to time. In the applicable prospectus supplement, we will name any agent involved in the offer, sale or resale of the offered securities, and we will describe any commissions payable to the agent. Unless we inform you otherwise in the applicable prospectus supplement, any agent will agree to use its reasonable best efforts to solicit purchases for the period of its appointment.

[Table of Contents](#)

We may sell the securities directly to institutional investors or others who may be deemed to be underwriters within the meaning of the Securities Act with respect to any sale of those securities. We will describe the terms of any sales of these securities in the applicable prospectus supplement.

Remarketing Arrangements

Securities may also be offered and sold, if so indicated in the applicable prospectus supplement, in connection with a remarketing upon their purchase, in accordance with a redemption or repayment pursuant to their terms, or otherwise, by one or more remarketing firms, acting as principals for their own accounts or as agents for us. Any remarketing firm will be identified and the terms of its agreements, if any, with us and its compensation will be described in the applicable prospectus supplement.

Delayed Delivery Contracts

If we so indicate in the applicable prospectus supplement, we may authorize agents, underwriters or dealers to solicit offers from certain types of institutions to purchase securities from us at the public offering price under delayed delivery contracts. Institutions with which we may make these delayed delivery contracts include commercial and savings banks, insurance companies, pension funds, investment companies, educational and charitable institutions and others. These contracts would provide for payment and delivery on a specified date in the future. The contracts would be subject only to those conditions described in the applicable prospectus supplement. The obligations of any purchaser under any such delayed delivery contract will be subject to the condition that the purchase of the securities shall not at the time of delivery be prohibited under the laws of the jurisdiction to which the purchaser is subject. The underwriters and other agents will not have any responsibility with regard to the validity or performance of these delayed delivery contracts. The applicable prospectus supplement will describe the commission payable for solicitation of those contracts.

General Information

We may have agreements with the underwriters, dealers, agents and remarketing firms to indemnify them against certain civil liabilities, including liabilities under the Securities Act, or to contribute with respect to payments that the underwriters, dealers, agents or remarketing firms may be required to make. Underwriters, dealers, agents and remarketing firms may be customers of, engage in transactions with or perform services for us in the ordinary course of their businesses.

Item 15. Indemnification of Officers and Directors.

Section 102(b)(7) of the Delaware General Corporation Law (the "DGCL") allows a corporation to provide in its certificate of incorporation that a director of the corporation will not be personally liable to the corporation or its stockholders for monetary damages for breach of fiduciary duty as a director, except where the directors breached the duty of loyalty, failed to act in good faith, engaged in intentional misconduct or knowingly violated a law, authorized the payment of a dividend or approved a stock repurchase in violation of Delaware corporate law or obtained an improper personal benefit. Our certificate of incorporation provides for this limitation of liability.

Section 145 of the DGCL provides that a Delaware corporation may indemnify any person who was, is or is threatened to be made, party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of such corporation), by reason of the fact that such person is or was an officer, director, employee or agent of such corporation or is or was serving at the request of such corporation as a director, officer employee or agent of another corporation or enterprise. The indemnity may include expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with such action, suit or proceeding, provided such person acted in good faith and in a manner he reasonably believed to be in or not opposed to the corporation's best interests and, with respect to any criminal action or proceeding, had no reasonable cause to believe that his conduct was illegal. A Delaware corporation may indemnify any persons who are, or were, a party to any threatened, pending or completed action or suit by or in the right of the corporation by reason of the fact that such person is or was a director, officer, employee or agent of another corporation or enterprise. The indemnity may include expenses (including attorneys' fees) actually and reasonably incurred by such person in connection with the defense or settlement of such action or suit, provided such person acted in good faith and in a manner he reasonably believed to be in or not opposed to the corporation's best interests, provided that no indemnification is permitted without judicial approval if the officer, director, employee or agent is adjudged to be liable to the corporation. Where an officer or director is successful on the merits or otherwise in the defense of any action referred to above, the corporation must indemnify him against the expenses which such officer or directors has actually and reasonably incurred. Our bylaws provide indemnification to our officers and directors and other specified persons with respect to their conduct in various capacities.

Section 145 further authorizes a corporation to purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of the corporation or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation or enterprise, against any liability asserted against him and incurred by him in any such capacity, or arising out of his status as such, whether or not the corporation would otherwise have the power to indemnify him under Section 145.

[Table of Contents](#)

The indemnification rights set forth above shall not be exclusive of any other right which an indemnified person may have or hereafter acquire under any bylaw, agreement, vote of stockholders or disinterested directors or otherwise, both as to action in such person's official capacity and as to action in another capacity while holding such office, and shall continue as to a person who has ceased to be a director, officer, employee, or agent and shall inure to the benefit of the heirs, executors, and administrators of such person.

We maintain a general liability insurance policy that covers liabilities of directors and officers of our corporation arising out of claims based on acts or omissions in their capacities as directors or officers.

Item 16. Exhibits.

The list of exhibits in the Exhibit Index to this registration statement is incorporated herein by reference.

Item 17. Undertakings.

The undersigned registrant hereby undertakes:

- (1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:
 - (i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933, as amended;
 - (ii) To reflect in the prospectus any facts or events arising after the effective date of this registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in this registration statement. Notwithstanding the foregoing, any increase or decrease in the volume of securities offered (if the total dollar value of the securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Securities and Exchange Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and
 - (iii) To include any material information with respect to the plan of distribution not previously disclosed in this registration statement or any material change to such information in this registration statement;

provided, however, that the undertakings set forth in paragraphs (1)(i), (1)(ii) and (1)(iii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Securities and Exchange Commission by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934, as amended, that are incorporated by reference in this registration statement or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of this registration statement;

- (2) That, for the purpose of determining any liability under the Securities Act of 1933, as amended, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof;

[Table of Contents](#)

- (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering;
- (4) That, for the purpose of determining liability under the Securities Act of 1933, as amended, to any purchaser:
 - (i) Each prospectus filed by the registrant pursuant to Rule 424 (b)(3) shall be deemed to be part of this registration statement as of the date the filed prospectus was deemed part of and included in this registration statement; and
 - (ii) Each prospectus required to be filed pursuant to Rule 424 (b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii) or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933, as amended, shall be deemed to be part of and included in the registration statement as of the earlier of the date such prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof; provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date;
- (5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933, as amended, to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:
 - (i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;
 - (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;
 - (iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and
 - (iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser;
- (6) That, for purposes of determining any liability under the Securities Act of 1933, as amended, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934, as amended (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934, as amended) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof;

[Table of Contents](#)

- (7) To supplement the prospectus, after the expiration of the subscription period, to set forth the results of the subscription offer, the transactions by the underwriters during the subscription period, the amount of unsubscribed securities to be purchased by the underwriters, and the terms of any subsequent reoffering thereof. If any public offering by the underwriters is to be made on terms differing from those set forth on the cover page of the prospectus, a post-effective amendment will be filed to set forth the terms of such offering;
- (8) To file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of Section 310 of the Trust Indenture Act in accordance with the rules and regulations prescribed by the Securities and Exchange Commission under Section 305(b)(2) of the Trust Indenture Act; and
- (9) Insofar as indemnification for liabilities arising under the Securities Act of 1933, as amended, may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933, as amended, and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933, as amended, and will be governed by the final adjudication of such issue.

SIGNATURES

Pursuant to the requirements of the Securities Act of 1933, as amended, the Registrant certifies that it has reasonable grounds to believe that it meets all of the requirements for filing on Form S-3 and has duly caused this Form S-3 to be signed on its behalf by the undersigned, thereunto duly authorized, in the city of Sebastian, in the state of Florida, on November 30, 2018.

We have acted as special counsel to Nxt-ID, Inc., a Delaware corporation (the “*Company*”), in connection with a Registration Statement on Form S-3 (the “*Registration Statement*”) filed on November 30, 2018 by the Company under the Securities Act of 1933, as amended (the “*Securities Act*”). The Company has provided us with a prospectus (the “*Prospectus*”) which forms part of the Registration Statement. The Prospectus may be amended from time to time in connection with one or more post-effective amendments to the Registration Statement, and the Prospectus provides that it will be supplemented in the future by one or more prospectus supplements (each, a “*Prospectus Supplement*”). The Registration Statement, as amended from time to time, including the Prospectus as supplemented from time to time by one or more Prospectus Supplements, will provide for the registration by the Company of:

- a) shares of common stock, par value \$0.0001, per share, of the Company (the “*Common Stock*”);
- b) shares of preferred stock, par value \$0.0001, per share, of the Company (the “*Preferred Stock*”);
- c) warrants to purchase Common Stock, Preferred Stock and/or Debt Securities in one or more series together with other securities or separately (the “*Warrants*”), which may be issued under warrant agreements, to be dated on or about the date of the first issuance of the applicable Warrants thereunder, by and between a warrant agent to be selected by the Company (the “*Warrant Agent*”) and the Company, in the forms to be filed as exhibits to a post-effective amendment to the Registration Statement or in a Prospectus Supplement (each, a “*Warrant Agreement*”);
- d) debt securities, which may be offered as senior, subordinated or junior subordinated and may be convertible (the “*Debt Securities*”), which may be issued pursuant to a note purchase agreement or an indenture to be dated on or about the date of the first issuance of Debt Securities thereunder, by and between a trustee to be selected by the Company and the Company, in the form filed as an exhibit to a post-effective amendment to the Registration Statement or a Prospectus Supplement, as such note purchase agreement may be supplemented from time to time or as such indenture may be supplemented from time to time;
- e) rights to purchase shares of Common Stock, Preferred Stock, Debt Securities and/or other Company securities (the “*Rights*”), which Rights may be offered separately or together with other Company securities offered pursuant to the Registration Statement; and
- f) units comprised of one or more of the other securities described above in any combination (the “*Units*”).

The Common Stock, the Preferred Stock, the Warrants, the Debt Securities, the Rights, and the Units are collectively referred to herein as the “*Securities*.” The Securities are being registered for offering and sale from time to time pursuant to Rule 415 under the Securities Act. The aggregate public offering price of the Securities being registered will be \$25,000,000.

In connection with this opinion, we have examined and relied upon originals, or copies certified to our satisfaction, of such records, documents, certificates, opinions, memoranda and other instruments as in our judgment are necessary or appropriate to enable us to render the opinion expressed below. As to certain factual matters, we have relied upon a certificate of an officer of the Company and have not independently sought to verify such matters.

In rendering this opinion, we have assumed the genuineness and authenticity of all signatures on original documents; the authenticity of all documents submitted to us as originals; the conformity to originals of all documents submitted to us as copies; the accuracy, completeness and authenticity of certificates of public officials; and the due authorization, execution and delivery of all documents where authorization, execution and delivery are prerequisites to the effectiveness of such documents.

With respect to our opinion as to the Common Stock, we have assumed that, at the time of issuance and sale, a sufficient number of shares of the Common Stock are authorized and available for issuance and that the consideration for the issuance and sale of the Common Stock (or Preferred Stock or Debt Securities convertible into, or Warrants exercisable for, Common Stock) is in an amount that is not less than the par value of the Common Stock. With respect to our opinion as to the Preferred Stock, we have assumed that, at the time of issuance and sale, a sufficient number of shares of Preferred Stock are authorized, designated and available for issuance and that the consideration for the issuance and sale of the Preferred Stock (or Debt Securities convertible into, or Warrants exercisable for, Preferred Stock) is in an amount that is not less than the par value of the Preferred Stock. We have also assumed that any Warrants offered under the Registration Statement, and the related Warrant Agreement, will be executed in the forms filed as exhibits to a Prospectus Supplement. We have also assumed that (i) with respect to Securities being issued upon conversion of any Preferred Stock; the applicable convertible Preferred Stock will be duly authorized, validly issued, fully paid and nonassessable; and (ii) with respect to any Securities being issued upon conversion of any Debt Securities or upon exercise of any Warrants, the applicable convertible Debt Securities or exercisable Warrants will be valid and legally binding obligations of the Company, enforceable against the Company in accordance with their respective terms, except as enforcement may be limited by applicable bankruptcy, insolvency, reorganization, arrangement, moratorium or other similar laws affecting creditors' rights, and subject to general equity principles and to limitations on availability of equitable relief, including specific performance.

With respect to our opinion as to the Rights and the Units, we have assumed, that at the time of issuance and sale, there are a sufficient number of Securities available for issuance and that the consideration for the issuance of the particular Securities underlying the sale of the Rights or the Units is in an amount that is not less than the par value of such underlying Securities.

Our opinion herein is expressed solely with respect to the federal laws of the United States and the General Corporation Law of the State of Delaware. Our opinion is based on these laws as in effect on the date hereof. We express no opinion as to whether the laws of any other jurisdiction are applicable to the subject matter hereof. We are not rendering any opinion as to compliance with any federal or state law, rule or regulation relating to securities, or to the sale or issuance thereof.

On the basis of the foregoing and in reliance thereon, and subject to the qualifications herein stated, we are of the opinion that:

1. With respect to the Common Stock offered under the Registration Statement, provided that (i) the Registration Statement and any required post-effective amendment thereto have all become effective under the Securities Act and the Prospectus and any and all Prospectus Supplement(s) required by applicable laws have been delivered and filed as required by such laws; (ii) the issuance of the Common Stock has been duly authorized by all necessary corporate action on the part of the Company; (iii) the issuance and sale of the Common Stock do not violate any applicable law, are in conformity with the Company's then operative certificate of incorporation, as amended (the "*Certificate of Incorporation*"), including, without limitation the authorization thereunder of a sufficient number of shares of Common Stock, and by-laws (the "*By-laws*"), do not result in a default under or breach of any agreement or instrument binding upon the Company and comply with any applicable requirements and restrictions imposed by any court or governmental body having jurisdiction over the Company; and (iv) the certificates for the Common Stock have been duly executed by the Company, countersigned by the transfer agent therefor and duly delivered to the purchasers thereof against payment therefor, then the Common Stock, when issued and sold as contemplated in the Registration Statement, the Prospectus and the related Prospectus Supplement(s) and in accordance with any applicable duly authorized, executed and delivered purchase, underwriting or similar agreement, will be duly authorized, validly issued, fully paid and nonassessable.

2. With respect to the Preferred Stock offered under the Registration Statement, provided that (i) the Registration Statement and any required post-effective amendment thereto have all become effective under the Securities Act and the Prospectus and any and all Prospectus Supplement(s) required by applicable laws have been delivered and filed as required by such laws; (ii) the terms and issuance of the Preferred Stock have been duly authorized by all necessary corporate action on the part of the Company; (iii) the terms of the shares of Preferred Stock and their issuance and sale do not violate any applicable law, are in conformity with the Certificate of Incorporation and By-laws, do not result in a default under or breach of any agreement or instrument binding upon the Company and comply with any applicable requirement or restriction imposed by any court or governmental body having jurisdiction over the Company; and (iv) the certificates for the Preferred Stock have been duly executed by the Company, countersigned by the transfer agent therefor and duly delivered to the purchasers thereof against payment therefor, then the Preferred Stock, when issued and sold as contemplated in the Registration Statement, the Prospectus and the related Prospectus Supplement(s) and in accordance with any applicable duly authorized, executed and delivered purchase, underwriting or similar agreement, will be duly authorized, validly issued, fully paid and nonassessable.

3. With respect to the Warrants to be issued under the Warrant Agreements and offered under the Registration Statement, provided that (i) the Registration Statement and any required post-effective amendment thereto have all become effective under the Securities Act and the Prospectus and any and all Prospectus Supplement(s) required by applicable laws have been delivered and filed as required by such laws; (ii) any applicable Warrant Agreement has been duly authorized by the Company and the Warrant Agent by all necessary corporate action; (iii) any applicable Warrant Agreement has been duly executed and delivered by the Company and the Warrant Agent and the terms of the Warrant Agreement have been established in accordance with applicable law; (iv) the issuance and terms of the Warrants have been duly authorized by the Company by all necessary corporate action; (v) the terms of the Warrants and of their issuance and sale have been duly established in conformity with any applicable Warrant Agreement and as described in the Registration Statement, the Prospectus and the related Prospectus Supplement(s), so as not to violate any applicable law or result in a default under or breach of any agreement or instrument binding upon the Company, so as to be in conformity with the Certificate of Incorporation and By-laws, and so as to comply with any applicable requirements and restrictions imposed by any court or governmental body having jurisdiction over the Company; and (vi) the Warrants have been duly executed and delivered by the Company and authenticated by the Warrant Agent pursuant to any applicable Warrant Agreement and delivered against payment therefor, then the Warrants, when issued and sold in accordance with the applicable Warrant Agreement and a duly authorized, executed and delivered purchase, underwriting or similar agreement, will be valid and legally binding obligations of the Company, enforceable against the Company in accordance with their terms, except as enforcement thereof may be limited by applicable bankruptcy, insolvency, reorganization, arrangement, moratorium or other similar laws affecting creditors' rights, and subject to general equity principles and to limitations on availability of equitable relief, including specific performance.

4. With respect to any series of the Debt Securities issued under a note purchase agreement or indenture and offered under the Registration Statement, provided that (i) the Registration Statement and any required post-effective amendment thereto have all become effective under the Securities Act and the Prospectus and any and all Prospectus Supplement(s) required by applicable laws have been delivered and filed as required by such laws; (ii) such note purchase agreement or indenture has been duly authorized by the Company and a trustee by all necessary corporate action; (iii) such note purchase agreement or indenture, in substantially the form filed as an exhibit to post-effective amendment to the Registration Statement or a Prospectus Supplement, has been duly executed and delivered by the Company and such trustee; (iv) the issuance and terms of the Debt Securities have been duly authorized by the Company by all necessary corporate action; (v) the terms of the Debt Securities and of their issuance and sale have been duly established in conformity with such indenture so as not to violate any applicable law or result in a default under or breach of any agreement or instrument binding upon the Company, so as to be in conformity with the Certificate of Incorporation and By-laws, and so as to comply with any requirements and restrictions imposed by any court or governmental body having jurisdiction over the Company; and (vi) the Debt Securities have been duly executed and delivered by the Company and authenticated by such trustee pursuant to such note purchase agreement or indenture and delivered against payment therefor, then the Debt Securities, when issued and sold in accordance with such note purchase agreement or indenture and a duly authorized, executed and delivered purchase, underwriting or similar agreement, will be valid and legally binding obligations of the Company, enforceable against the Company in accordance with their terms, except as enforcement thereof may be limited by applicable bankruptcy, insolvency, reorganization, arrangement, moratorium or other similar laws affecting creditors' rights, and subject to general equity principles and to limitations on availability of equitable relief, including specific performance.

5. With respect to the Rights offered under the Registration Statement, provided that (i) the Registration Statement and any required post-effective amendment thereto have all become effective under the Securities Act and the Prospectus and any and all Prospectus Supplement(s) required by applicable laws have been delivered and filed as required by such laws; (ii) the terms and issuance of the Rights have been duly authorized by all necessary corporate action on the part of the Company; (iii) the terms of the Rights and their issuance and sale do not violate any applicable law, are in conformity with the Certificate of Incorporation and By-laws, do not result in a default under or breach of any agreement or instrument binding upon the Company and comply with any applicable requirements and restrictions imposed by any court or governmental body having jurisdiction over the Company; (iv) the issuance and terms of the Rights have been duly authorized by the Company by all necessary corporate action; (v) the terms of the Rights and of their issuance and sale have been duly established in conformity with the applicable agreement(s) so as not to violate any applicable law or result in a default under or breach of any agreement or instrument binding upon the Company, so as to be in conformity with the Certificate of Incorporation and By-laws, and so as to comply with any applicable requirements and restrictions imposed by any court or governmental body having jurisdiction over the Company; and (vi) the Rights have been duly executed and delivered by the Company and delivered against payment therefor, then the Rights, when issued and sold in accordance with the applicable agreement and a duly authorized, executed and delivered purchase, underwriting or similar agreement, will be valid and legally binding obligations of the Company, enforceable against the Company in accordance with their terms, except as enforcement thereof may be limited by applicable bankruptcy, insolvency, reorganization, arrangement, moratorium or other similar laws affecting creditors' rights, and subject to general equity principles and to limitations on availability of equitable relief, including specific performance.

6. With respect to the Units offered under the Registration Statement, provided that (i) the Registration Statement and any required post-effective amendment thereto have all become effective under the Securities Act and the Prospectus and any and all Prospectus Supplement(s) required by applicable laws have been delivered and filed as required by such laws; (ii) the terms and issuance of the Units have been duly authorized by all necessary corporate action on the part of the Company; (iii) the terms of Units and their issuance and sale do not violate any applicable law, are in conformity with the Certificate of Incorporation and By-laws, do not result in a default under or breach of any agreement or instrument binding upon the Company and comply with any applicable requirements and restrictions imposed by any court or governmental body having jurisdiction over the Company; (iv) the issuance and terms of the Units have been duly authorized by the Company by all necessary corporate action; (v) the terms of the Units and of their issuance and sale have been duly established in conformity with the applicable agreement(s) so as not to violate any applicable law or result in a default under or breach of any agreement or instrument binding upon the Company, so as to be in conformity with the Certificate of Incorporation and By-laws, and so as to comply with any requirement or restriction imposed by any court or governmental body having jurisdiction over the Company; and (vi) the Units have been duly executed and delivered by the Company and delivered against payment therefor, then the Units, when issued and sold in accordance with the applicable agreement(s) and a duly authorized, executed and delivered purchase, underwriting or similar agreement, will be valid and legally binding obligations of the Company, enforceable against the Company in accordance with their terms, except as enforcement thereof may be limited by applicable bankruptcy, insolvency, reorganization, arrangement, moratorium or other similar laws affecting creditors' rights, and subject to general equity principles and to limitations on availability of equitable relief, including specific performance.
