

NXT-ID's Wocket Smart Wallet to be Offered by Touch Of Modern

September 10, 2015

OXFORD, Conn., Sept. 10, 2015 /PRNewswire/ -- NXT-ID, Inc. (NASDAQ: NXTD) ("NXT-ID" or the "Company"), a biometric authentication company focused on the growing mobile commerce market, announces that the San Francisco based ecommerce site, Touch of Modern, will feature the Wocket® smart wallet for the first time starting Wednesday, September 16th.

Touch Of Modern is an online retailer offering a wide range of designer lifestyle products to its 7.2 million members. Customers are affluent, urban influencers that are offered exclusive designer brands on a rotating basis for five days at a time.

Gino Pereira, Chief Executive Officer of NXT-ID, Inc. said, "ToMo is a unique curated ecommerce site that focuses on a primarily male, style conscious, tech savvy audience. This is the identical primary demographic for Wocket early adopters."

Wocket® is the smartest wallet you'll ever own. Designed to protect your identity and replace your old wallet, simply swipe and save your cards into Wocket once and they are immediately secured with pin and biometric voice print technology. Without ever needing a smartphone, you can choose a card from the touch screen and Wocket programs its single, smart card (Wocket Card) to match your selection. From there, you just swipe as you normally would virtually anywhere that credit cards are accepted today.

All your credit, debit, loyalty, gift, ID, membership, insurance, medical information, passwords, and other information can be protected on Wocket®.

Touch Of Modern is about extraordinary design, the things you don't find everyday.

By connecting directly with the designers, we bring you products that are timeless and truly unique, and we do it at unbeatable members-only pricing. Each piece is hand-selected and is something we believe to be an example of great design worthy of your attention. Become a member and discover something new every day.

About NXT- ID Inc. - Mobile Security for a Mobile World: (NXTD)

NXT-ID, Inc.'s innovative MobileBio® solution mitigates consumer risks associated with mobile computing, m-commerce and smart OS-enabled devices. The company is focused on the growing m-commerce market, launching its innovative MobileBio® suite of biometric solutions that secure consumers' mobile platforms led by **Wocket®**; a next generation smart wallet designed to replace all the cards in your wallet, no smart phone required. Wocket was recognized as one of the top technology products at CES 2015 by multiple media outlets including Wired.com. The Wocket works most anywhere credit cards are accepted and only works with your biometric stamp of approval or passcode. <http://www.ocketwallet.com/>

NXT-ID' wholly owned subsidiary, 3D-ID LLC, is engaged in biometric identification and has 22 licensed patents in the field of 3D facial recognition <http://www.nxt-id.com/>, <http://3d-id.net/>

Forward-Looking Statements for NXT-ID: This press release contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements reflect management's current expectations, as of the date of this press release, and involve certain risks and uncertainties. Forward-looking statements include statements herein with respect to the successful execution of the Company's business strategy. The Company's actual results could differ materially from those anticipated in these forward-looking statements as a result of various factors. Such risks and uncertainties include, among other things, our ability to establish and maintain the proprietary nature of our technology through the patent process, as well as our ability to possibly license from others patents and patent applications necessary to develop products; the availability of financing; the Company's ability to implement its long range business plan for various applications of its technology; the Company's ability to enter into agreements with any necessary marketing and/or distribution partners; the impact of competition, the obtaining and maintenance of any necessary regulatory clearances applicable to applications of the Company's technology; and management of growth and other risks and uncertainties that may be detailed from time to time in the Company's reports filed with the Securities and Exchange Commission.
